We are a member club of the Virginia High School Cycling League, itself a Project League of the National Interscholastic Cycling Association (NICA), and our riders participate in the NICA fall race series as well as in the spring VAHS race series. Our coaches are NICA-licensed and NICA-trained. As NICA coaches we're guided by values of fun, inclusivity, respect and community. We build strong minds, bodies, character and communities through cycling. Learn more about NICA at <https://nationalmtb.org>. Visit our website at <https://sawcomposite.org>
